

Whitewater Rafting Forges Bonds Stronger than the Rapids

Colorado River Rafting is a Trip Visualize the boats brow cutting through the swirling, surging water; the sun sparkling on the frothy waves, making tiny rainbows; the abrupt lurch of the craft, as the surging waves suddenly shift direction. The adrenaline is pumping, all senses alert, with nature working overtime to orchestrate a thrill you will never forget. That's what most people think a raft trip entails, but there's much more going on. Your connection with the other rafters forms a matchless adventure that won't be forgotten.
