

# Limo, Limo, Limo...

If you need to travel, you will certainly enjoy the luxury of riding in a limousine. Historically speaking, the definition of a limousine is a stretch luxury car that is driven by a chauffeur. The French Limousin region gave us the term, and it was developed from hoods that people from the area wore, which reminded the linguists of the profile of a car. Limousines are also characterized by a sliding glass window between the passenger area in the rear of the vehicle and the driver area in the front. This is so that passengers may converse privately without the driver overhearing...
