

# Termas de Chillan: More Than Just a Ski Center

Termas de Chillan (Chillan Hot Springs) began as a summer resort and now it is known as one of the best ski resorts in South America. The resort combines skiing and snowboarding with the soothing elegance of a thermal resort. Lying at the base of the breathing Volcan Chillan, Termas Chillan Ski and Spa Resort is a unique combination of world class riding and hot, mineral springs tucked away in the southern Andes. With smoke steaming from the many natural vents of the mountain and from the three large mineral pools, the setting is quite surreal for a ski resort. And after a hard day of riding 3,000 vertical foot runs, it is relaxing to know the world renowned spa is there to ease the pain...
