

# Stubai Valley in Austria

At the heart of the Austrian Tyrol is the beautiful Stubai valley, at the head of which is the Stubai Glacier, rising to 3,150m above sea level. This area is a year-round natural playground, long popular with outdoor enthusiasts and those seeking rest and recuperation in the fresh mountain air. With several hotels and their excellent spa at the foot of the valley, all the ingredients are in place for a refreshing big short break, whatever the time of year...
