

Get Your Health Overseas, or Not?

Global competition is emerging in the health care industry. Wealthy patients from developing countries have long traveled to developed countries for high quality medical care. Now, growing numbers of patients from developed countries are traveling for medical reasons to regions once characterized as "third world." Many of these "medical tourists" are not wealthy, but are seeking high quality medical care at affordable prices. Prices for treatment are lower in foreign hospitals for a number of reasons...
