

# Munich Airport: Successful International Hub Facing Future Challenges

In 2008 Munich Airport has yet again defended its status as Europe's number one airport in the global survey conducted by the renowned Skytrax Institute. The top ranking in this year's survey, to which 8 million passengers around the world responded, means that Munich Airport proudly bears the title of Europe's best airport for the fourth year in a row. In the worldwide rankings Munich took fifth place...
