

Across the SalzburgerLand with a Single Card

The most beautiful sights and excursion destinations throughout the SalzburgerLand, all bundled together in a single all-inclusive card. Family vacations with the SalzburgerLand Card – that means more vacation for less money and an array of recreational opportunities that couldn't be any broader.

How about trying your hand at gold-mining in Rauris, taking a steam-train ride with the Taurachbahn in the Lungau region, visiting the aquatic wonders of the WasserWunderWelt in Krimml, staring at the stars at the planetarium in Wald/Königsleiten and so much more...

The SalzburgerLand Card is particularly attractive for families, especially as the all-inclusive card is free for the third child and more, while children 6 and under enjoy free admission to all participating SalzburgerLand Card partners.

The Card carries you up to the top of the most beautiful Alpine peaks! From the Zwölferhorn lift in St. Gilgen in the heart of the Salzkammergut, to the Grosseck lift in the Lungau community of Mauterndorf, the Saalbach lifts and the Wildkogel lift in Neukirchen (Hohe Tauern National Park) - the SalzburgerLand Card gives you free roundtrip rides on them all. With 25 mountain lifts to choose from, you will have quick, convenient access to the highest elevations, from where you'll be able to embark on a broad variety of hiking tours of the mountains.

And after your hike, enjoy a jump into the cool, wet waters of our crystal-clear lakes, or stop in at one of our numerous open-air pools. Nestled amid the unique panoramas of Salzburg's alpine world, there'll be nothing to disturb your daydreams, as memories of every-day life fade further and further away! Give mind and body the break they so dearly need and enjoy a relaxing day at one of our region's new spas!

This all-inclusive card is a hit with everyone - be they families, youth groups, school classes, or even the locals themselves!
