

REMARKABLE THEME PARKS AROUND THE WORLD

Theme parks are all around the world but there's only a slight few that stand out from the rest of the crowd. Theme parks have always captivated us since we were young kids all the way up to adulthood. We love seeking a good adrenaline rush from the roller coasters and getting splashed by the water rides but there are some theme parks that are out of the ordinary.

Ferrari World, Abu Dhabi

For all the car lovers out there especially for people who dream about owning a Ferrari, Ferrari World in Abu Dhabi is a theme park you don't want to miss out on. This is the largest and only indoor Ferrari theme park in the world with over twenty rides and attractions that'll keep you entertained throughout your stay. Ferrari World features the Formula Rossa roller coaster which was inspired by many famous tracks found throughout the world and which accelerates up to 150 miles per hour. Like in many theme parks, you'll find the the tower that shoots you up and lets you fall back down. Ferrari World isn't an exception, you'll find the G-Force which launches you an outstanding 62 meters into the air.

BonBon Land, Denmark

BonBon Land opened up in 1992 as a way of promoting the BonBon candy business created by Michael Spangsberg. It ended up turning into a wacky and amusing theme park featuring cartoon styled animals. Every ride has its own animal from rats to tortoises and seagulls; everyone is able to join in on the fun!

Diggerland, England

The Diggerland theme park is famous for its rides which are all construction equipment. If you've ever been just dying to find out what it's like to be behind the wheel of construction machinery then this is the theme park for you. There are four locations in the United Kingdom including Kent, Durham, Yorkshire and Devon. Diggerland has been operating since 2000 and it's known to be the most unique attraction in the United Kingdom.

Harmonyland, Japan

Harmonyland is based off of Japan's most successful and beloved cartoon, Hello Kitty. Much like Disney World, you'll be able to meet all the Hello Kitty characters such as Hello Kitty herself, My Melody and Cinnamon. The Kitty Castle is Hello Kitty's home. Black Kitty Wonder is the castle that Kitty is locked away in thanks to Kuromi and it's your job to set her free! There's also train, boat and rollercoaster rides that you'll love. The Harmonyland theme park is perfect for young children.

The idea of theme parks is loved throughout the world and the more unique they are, the better. It's always fun to be able to get out and enjoy rides that actually stand out from the rest. It leaves a memorable experience and of course the adrenaline rush makes any experience much more exciting.
