## SeaWorld Tickets - Exclusive Family Experiences

SeaWorld Orlando is a theme park based on marine life. Together with its neighbours, Aquatica and Discovery Cove, and nearby hotels and restaurants, it is collectively called SeaWorld Parks and Resorts Orlando. SeaWorld tickets give you entry to the park's rides, shows, exhibits and exclusive park experiences.

### SeaWorld Rides

- **Journey to Atlantis** - See the dark side of this legendary underwater city. Dark, watery passageways bear one surprise after another until you are ejected through the gates of the sunken city down to the waters below. Moderately thrilling and very wet.
- **Jazzy Jellies Spinning Teacups** allow you to control how fast you spin your way to the top of the 30-foot ride. Less scary and a lot less wet than Journey to Atlantis.
- **Manta** is the only rollercoaster of its kind in the world. The ride begins with an upside-down, head-first nosedive and gets crazy from there. Highly thrilling and surprisingly dry.
- **Kracken**, SeaWorld's floorless rollercoaster, is like no other. Higher, longer and faster than any rollercoaster in Orlando and consistently rated one of the best in the world by rollercoaster enthusiasts.
- **Net Climb** is four stories of nets suitable for climbing by both youngsters and adults.
- **Ocean Commotion** is a gentler ride, suitable for the less adventurous in your party and an opportunity for the bold to reflect on their thrilling experiences so far. The ride consists of a large, 19-foot boat that gently swishes side to side and rocks back and forth.
- **Paddle Boats** - Tour SeaWorld's central lake in a flamingo-themed paddle boat. A 20-minute ride costs £5 per person.
- **Sea Carousel** - You will recognize it by the giant pink octopus on top.
- **Shamu** is not as scary as it looks; a perfect training 'coaster for younger children or timid mums and dads.
- **Sky Tower** is a leisurely capsule ride offering a birds-eye view of Orlando.
- **Swishy Fishies** is a gentle teacup-style ride for younger kids.
- **Wild Arctic Flight Simulator** takes you on a journey by jet helicopter to the frozen north.
