The Global Tourism Economy Forum established by The Global Tourism Economy Research Centre Forum in collaboration with the United Nation World Tourism Organization (UNWTO) since 2012. Co-organised by the China Chamber of Tourism and hosted by the Macau SAR Government, the event is a dynamic discussion platform

to drive tourism industries across the world with a China focus. The forum represents a unique opportunity to get in touch with top-level tourism leaders through privately-scheduled meetings that bring new partnerships and business leads.

For international tourism industry stakeholders the Global Tourism Economy Forum is a comprehensive window into the enormous China travel market. All delegates will also have the opportunity to advance recognition from government authorities and other global tourism trade leaders, facilitating the growth of mutually beneficial relationships.

This year's event takes place from October 12 to 14. The Forum is delighted to have the Pacific Alliance countries (Chile, Colombia, Mexico, and Peru) joining as Featured Partner Countries in 2015.
