

PINTEREST DATA REVEAL NEW TRAVEL TRENDS

According to recent reports, Pinterest has registered a whopping one billion travel-related searches between February 2023 and February 2024. This confirms the platform's enormous influence on inspiring travel enthusiasts.

Eight out of ten users visit Pinterest weekly to plan their summer vacations. These searches reveal that adventure, wellness, and disconnecting from technology are among the top travel trends. Additionally, travelers are increasingly interested in discovering distant, natural, and mysterious destinations.

Adventure Travels

According to Pinterest data, **there has been a surge in interest among social media users in adventure activities.** Searches related to adventure trips have gone up by 45% compared to the previous year. Pinterest has attributed this trend to the fact that adventure trips not only help people achieve their goals and feel fulfilled, but also promote personal growth, well-being, and sustainability.
